PROFILE SUMMARY

Full Stack Developer skilled in JavaScript and the MERN stack, with a strong foundation in Data Structures & Algorithms and Java OOP. Actively exploring AI-assisted development, prompt engineering, and LLM integration to build efficient, modern web solutions.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, SQL

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend & Database: Node.js, Express.js, MongoDB, Middleware, REST APIs

Tools & Version Control: Git, GitHub, VS Code, Cursor, GitHub Copilot, Codex

Core CS: Data Structures & Algorithms, Object-Oriented Programming, Basics of System Design

AI & Modern Tech: Claude, ChatGPT, Prompt Engineering, AI-Assisted Development

PROJECTS

CourseHub – Online Course Platform - Live | React.js, Vite, Tailwind CSS

- Developed a responsive online course platform with course browsing, detailed listings (pricing, duration, ratings), and free/paid categorization.
- Built a component-driven, mobile-friendly UI using reusable React components for a scalable and maintainable codebase.

Employee Management System (EMS) | MERN Stack, REST API

- Built a role-based Employee Management System with secure CRUD operations via REST APIs, department management, and automated reporting.
- Designed role-based access control to streamline HR record-keeping and reduce manual administrative work.

EDUCATION

Master of Computer Applications (MCA) | CGPA: 8.72/10

Gurukula Kangri (Deemed to be University), Haridwar, Uttarakhand | 2025 – Present

Bachelor of Computer Applications (BCA-Big Data & Analytics) | CGPA: 8.2/10

Quantum University, Roorkee, Uttarakhand | 2022 – 2025

EXPERIENCE

Software Developer - Personal Projects 2025 – Present

- Developed responsive web applications using MERN Stack.
- Explored AI tools and technologies to improve development workflows and build innovative solutions.

ACHIEVEMENTS

- Completed a Core Java internship from Internshala.
- Participated in the 1st Emerging Technology Hackathon Series 2025.
